Manual: 26-62-35		Revision: Sept 15/25				
14. NOTE: 1. Life Limited Parts will normally be accompanied by maintenance history including life used – if supplied by customer. 2. Installer must cross-check eligibility with applicable technical data 3. It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly. 4. Where the user/installer works in accordance with the national regulations of an Airworthiness Authority different from the Airworthiness Authority specified in block 1 it is essential that the user/installer ensures that his/her Airworthiness Authority accepts parts/components/assemblies from the Airworthiness Authority specified in block 1. 5. Statement in item 14 does not constitute installation certification. In all cases the aircraft maintenance record must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.				15 <input checked="" type="checkbox"/> 43.04.1 <input type="checkbox"/> Other regulation specified in block 12. Certifies that the part(s) identified above except as otherwise specified in block 13 was (were) manufactured/inspected in accordance with the applicable design data and with the Civil Aviation Regulations, 2011.
